# **Primary Year 6 Scheme of Work**

## **Content overview**

The purpose of this document is to provide teachers with support and information on planning, creating and delivering their lessons throughout the year. Teachers will need to refer to this document when planning and delivering both their textbook-based and non-textbook-based lessons.

The Scheme of Work is divided into sections which provide the following information and content:

### **1. Content and organisation of the Primary Year 6 Scheme of Work**

This section provides teachers with an introduction to the Scheme of Work and an explanation of how the textbook-based and the non-textbook-based lessons are organised within the Scheme of Work.

### **2. Supporting information**

This section provides teachers with an explanation of the information contained within the Scheme of Work template. This section also gives teachers advice on completing the Scheme of Work template for their own non-textbook-based lessons.

### **3. Pre-lesson and post-lesson tasks**

In this section, teachers will find some suggestions for pre-lesson and post-lesson tasks. Pre-lesson tasks are short tasks that come at the beginning of the lesson to help pupils warm up and to introduce or review learning. Post-lesson tasks come at the end of the lesson to review, summarise, personalise or talk about learning in the lesson, so they consolidate learning and provide closure to the lesson. Many lessons in the Scheme of Work guide teachers to choose pre- and post-lesson activities from this section.

### **4. Differentiation strategies for Primary pupils**

This section provides teachers with a number of suggested differentiation strategies that teachers may wish to use in their planning to help meet the needs of the pupils in their class.

## **5. Glossary of terms in Year 6**

Teachers should refer to the Content and Learning Standards contained within the Scheme of Work when planning their lessons. These Content and Learning Standards come from the Standards-Based Curriculum and Assessment Document (DSKP) and the Curriculum Framework documents.

This section provides teachers with supporting explanations for some of these Content and Learning Standards. It also provides explanations of important terms used in some of the lessons. These terms are mainly found in the Learning Outline section (see the first table in the glossary of terms).

## **6. Scheme of Work (Lessons 1–160)**

This is the main section of the Scheme of Work. It provides teachers with details for the textbook-based and non-textbook-based lessons.

## **7. Appendix 1: Learning Standards mapping**

This section consists of a table which lists all 160 lessons in the Scheme of Work and their Learning Standards. The mapping table enables teachers to see the coverage of the Learning Standards at a glance.

# 1. Content and organisation of the Primary Year 6 SK Scheme of Work

## What is the Primary Year 6 SK Scheme of Work and how can it help teachers?

The Scheme of Work gives teachers an overview of every lesson in Year 6, including the **Content and Learning Standards which must be covered within each lesson**. The Scheme of Work will assist teachers in their daily, weekly and longer-term planning of lessons.

## What does the Primary Year 6 SK Scheme of Work consist of?

The Scheme of Work consists of **160 lesson outlines**, each lesson lasting a total of **60 minutes**. If lessons are organised into 30-minute blocks, teachers will need to plan and adapt their lessons accordingly. Each lesson in the Scheme of Work is numbered from Lesson 1 to Lesson 160.

The Scheme of Work consists of the following **two** types of lessons:

**A. Textbook-based lessons:** The materials for these lessons includes learning activities from the selected Year 6 textbook. This textbook is *Academy Stars Year 6*. Year 6 covers the whole textbook from the Welcome Unit to Unit 10.

**B. Non-textbook-based lessons:** There are four types of non-textbook based lessons: Skills-Based lessons, Language Arts lessons, Project-Based Learning lessons and Language Awareness lessons. The learning outline in Skills-Based and Language Awareness lessons is generally related to the material in the textbook, but does not use material from it.

Material for Language Arts lessons is taken from the Contemporary Children's Literature (CCL) module, which consists of poems, short stories and graphic novels. See Year 6 Syllabus and the CCL module for more information.

The content of Project-Based lessons should be designed according to the Ministry of Education guidelines for this lesson type. Teachers are expected to prepare activities that incorporate project work and promote independent learning.

## How are the Primary Year 6 Scheme of Work lessons organised?

Most lessons in the Scheme of Work are textbook-based lessons. Language Awareness lessons can be based on the textbook content (e.g. Review sections) or otherwise designed to address learning needs using additional materials. They can therefore be textbook-based or non-textbook-based lessons. A few Skills-Based lessons (e.g. Writing, Speaking) are marked as non-textbook-based lessons. Teachers are expected to find or create materials that meet the Learning Standards for these lessons. Language Arts lessons should be based on the CCL module, not on the main textbook – *Academy Stars Year 6*. Project-Based Learning lessons should be designed according to the Ministry of Education recommendation.

## Typical lesson cycles

The Year 6 textbook, *Academy Stars Year 6*, begins with a short Welcome Unit, and then has 10 longer units. The Year 6 Scheme of Work contains 10 'lesson cycles' of 16 lesson outlines. Each lesson cycle corresponds approximately to one unit in the textbook. The textbook units typically provide teachers with enough material for three rounds of the four skills (Reading, Writing, Listening, Speaking), although there are some lessons marked as non-textbook based lessons which require teachers to source material from elsewhere. Each lesson cycle also has three Language Arts lessons and one Language Awareness/Project-Based Learning lesson. The lesson cycle which corresponds to the Welcome Unit and Unit 1 in the Scheme of Work is given below as an example:

Lesson	Skill/Focus
1	Reading
2	Writing
3	Listening
4	Speaking
5	Language Arts
6	Reading
7	Writing
8	Listening
9	Speaking
10	Language Arts
11	Reading
12	Writing
13	Listening
14	Speaking
15	Language Arts
16	Language Awareness*

\*In Units 5 and 10, Language Awareness lessons are replaced by Project-Based Learning lessons.

Teachers should note the following:

1. Textbook-based lessons will utilise material from the *Academy Stars Year 6* textbook. Other suggested activities or material to help prepare pupils for new learning, and to consolidate or extend learning are included.
2. Pupils are expected to have their own copy of the Pupil's Book to use in every lesson. This includes non-textbook-based lessons, which may ask pupils to look at some content that can act as a starting point for a non-textbook-based lesson. Pupils should also have their own notebook and bring it to every lesson.
3. **Teachers should be able to access the Teacher's Book for every lesson**, including non-textbook-based lessons, which sometimes ask them to refer to the Pupil's Book. If teachers do not have regular access to the Teacher's Book they should prepare a few lessons in advance while they have the Teacher's Book. If access to the Teacher's Book is very limited, teachers are advised to be proactive and collaborative by planning together and consulting with the English Head or a senior English teacher at their school. The Teacher's Book provides a lot of guidance and ideas as well as the listening audio script, thus considerably saving preparation time. It is therefore very useful for all teachers to access it, even if only periodically.
4. **Teachers are expected to plan lessons based on the lesson outlines in the Scheme of Work.** They may need to develop and produce worksheets, create flashcards (these are picture cards that can be printed or drawn by the teacher) and prepare other material and resources for most lessons.
5. Language Awareness lessons will focus specifically on the language taught in the unit. **The Scheme of Work offers suggestions to teachers for these lessons, but teachers are expected to plan these lessons based on the needs of their pupils.** Teachers are also expected to refer to the syllabus, which contains an overview of the language functions, vocabulary and the text types that are suitable for the grade.
6. **Pre-lesson and post-lesson** stages in the lesson outline are important stages in the lesson. **They should not be neglected or rushed.** See Section 3 for more information.
7. At the end of every unit, pupils are expected to review and assess their learning in that unit. This self-assessment is guided using a worksheet which identifies the language covered in the unit. Teachers can use the suggested worksheets at the end of every unit in the Scheme of Work or modify/produce their own. **Self-assessment should be completed in class time, not given for homework.** Pupils will need guidance from the teacher to complete it, especially in the first part of the year. The teacher should collect the self-assessment worksheets and note common answers as well as any particular problems some pupils think they are having. Pupils' skills in self-assessment may begin the year at a very basic level but will develop over the year.

## **2. Scheme of Work template: Supporting information**

### **1. Lesson**

Each lesson within the Scheme of Work is given a number followed by the lesson type. For example, Lesson: 6 (Reading 2); Lesson: 21 (Language Arts 4).

### **2. Main Skill Focus**

Each lesson has one main skill focus. If the focus of the lesson is not on language skills (Listening, Speaking, Reading, Writing), then the main skill focus will reflect the focus area of the lesson (e.g. Language Arts, Language Awareness, Project-Based Learning lesson).

### **3. Theme**

The three given themes are:

- World of Self, Family and Friends
- World of Knowledge
- World of Stories

### **4. Topic**

Topics are taken from the textbook in textbook-based lessons. Topics for non-textbook lessons are either suggested for these lessons, guided by CCL content or decided by the teachers.

### **5. Cross-Curricular Elements**

Each cycle of lessons has been assigned one Cross-Curricular Element or more. Teachers will need to refer to the section on Cross-Curricular Elements in the Standards-Based Curriculum and Assessment Document (DSKP) for further guidance. Teachers are encouraged to link to other Cross-Curricular Elements within a lesson cycle, in addition to the suggested one given, if they identify opportunities where relevant cross-curricular connections can be made.

## 6. Language/Grammar Focus

This is related to the grammatical structure/function (for example, Present Simple and Past Simple) that is the focus of the lesson. This language/grammar is usually presented and practised using a skill (Listening, Speaking, Reading or Writing).

## 7. Content and Learning Standards

The given Content and Learning Standards are taken from the Standards-Based Curriculum and Assessment Document (DSKP) and the Curriculum Framework document. **These should be followed as they appear in the lessons to ensure the Learning Standards are covered as intended.** See Appendix 1 for an overview of the mapping of Learning Standards.

## 8. Main Skill and Complementary Skill

Each lesson within the Scheme of Work focuses on one Main Skill and one Complementary Skill. To ensure that pupils receive sufficient exposure to and practice in every Learning Standard within the Curriculum Framework, each Learning Standard appears at least once in the Scheme of Work. Learning Standards are covered as a Main Skill or as a Complementary Skill. It is therefore critical that teachers ensure that **both** the Main Skill and the Complementary Skill are covered in each lesson. **The Complementary Skill is not an optional skill** that can be ignored or dropped from the lesson. Doing so may mean that pupils do not receive adequate practice in and exposure to all the given Learning Standards within the Curriculum Framework. When teachers are planning their lessons, they must therefore ensure that both the Main Skill and Complementary Skill are each assigned a suitable lesson Learning Objective.

Teachers should also be aware that the Main Skill and Complementary Skill are not normally given equal time and attention within the lesson. Teachers will need to ensure that the Complementary Skill is covered, but the degree of attention this receives in comparison to the Main Skill will be up to the teacher's own professional judgement as they will know better the specific learning needs of their pupils.

Please note that some Learning Standards appear less frequently than others. **Less frequent Learning Standards must be covered as they appear in the Scheme of Work.** See Appendix 1 for a map of the Learning Standards coverage.

## 9. Learning Outline

The Learning Outline provides guidance to teachers for the delivery of a lesson. Three main stages of every lesson are highlighted: pre-lesson, lesson delivery and post-lesson. Teachers will also need to refer to the Teacher's Book, which provides detailed information about the delivery of the textbook activities for textbook-based lessons.

The **Lesson Delivery** stage is where the Main and Complementary Skills should both be addressed to develop pupils' language skills. Teachers should create their own Learning Objectives for each lesson based on the specified Learning Standards – both for the Main Skill and the Complementary Skill. The Learning Objectives should relate to and reflect the activities in the Lesson Delivery stage.

Textbook-based lessons in the Learning Outline provide teachers with a structured description for what and how teachers can plan their lessons. They refer to specific activities in the Pupil's Book and Workbook, and associated guidance available in the Teacher's Book. Some additional explanation or instruction may be provided in the Lesson Delivery to ensure teachers plan activities that relate to the main and complementary Learning Standards specified for the lesson. Please note that textbook-based activities may not appear in the same order as in the Pupil's and Teacher's Book. This is to ensure the best activities are selected for the stated Learning Standards and to follow the lesson cycle (Listening, Speaking, etc.).

As teachers are working with pupils and supporting their learning, they should be aware of their pupils' development and the emerging challenges. Throughout the lessons, teachers are expected to use formative assessment strategies (e.g. questioning, scanning) to assess pupils' progress and give clear and meaningful feedback. This feedback should enable pupils to understand which areas they need to pay attention to and how to improve. Of course, teachers are not expected to give every pupil feedback after every activity in every lesson. However, teachers should use all opportunities available to communicate feedback to pupils and help them take ownership of their own learning.

Teachers are encouraged to follow the instructions in the Lesson Delivery stage when provided because it reduces lesson preparation time and ensures addressing the Learning Standards.

Pre-lesson activities activate and review pupils' prior knowledge by, for example, reviewing relevant learning from a previous lesson or using a short activity as an opportunity for pupils to share what they already know about the lesson topic. Post-lesson activities take place at the end of lessons to review and consolidate the learning from a lesson. Pre- and post-lesson stages are important elements in lesson plans and should always be included in every lesson. Please see the next section for more information about pre-lesson and post-lesson activities.

## **10. Materials/References**

The relevant page numbers of the Pupil's Book and Teacher's Book have been given for the textbook-based lessons.

## **11. Differentiation strategies**

This column refers to Section 4, which lists seven strategies. It also provides advice tailored around the lesson specifics and expected challenges. Teachers should, however, consider the most suitable strategies for differentiating learning with each of their own individual classes, based on the learning needs of the pupils in those classes.

### 3. Pre-lesson and post-lesson tasks

**Pre-lesson activities** activate and review pupils' prior knowledge by, for example, reviewing relevant learning from a previous lesson or using a short activity as an opportunity for pupils to share what they already know about the lesson topic or language. Pre-lesson activities provide an opening to the lesson and get pupils in the right frame of mind for listening to and using English. They are often whole-class activities which are fun and engaging. Pupils are all active in these activities physically as well as mentally. This can help teachers to manage energy levels before settling pupils into their learning.

**Post-lesson activities** are short activities that take place at the end of lessons to review and consolidate the learning from a lesson. Although post-lesson activities can be fun and should not be too challenging so that pupils leave the class in a positive frame of mind, they are an important stage that should be planned by the teachers. During the post-lesson stage, teachers can conduct a quick and informal evaluation of the lesson and the pupils' understanding of the learning that has taken place. Post-lesson activities can be used for formative assessment and can give teachers an overall evaluation of the pupils' development and indicate any issues individual pupils might have. Evaluating learning in the post-lesson stage is particularly useful when new language is introduced for the first time or followed up from a previous lesson. Therefore, teachers should give careful consideration to the purpose of the post-lesson activities that they choose for their lessons. Post-lesson activities are **not** optional extras to be done if there is time. Teachers should plan and make sure to leave a few minutes for post-lesson activities, even if they are running short of time in their main lesson stages.

Each lesson includes a suggestion for pre-lesson and post-lesson tasks. Some of these are outlined in the Learning Outline, and sometimes teachers are directed to the textbook. In other lessons, teachers can refer to and choose a suitable task from the lists below. Teachers can also create their own pre- and post-lesson activities provided that they fulfil the function described above.

#### Suggested pre-lesson tasks

Below are 12 lesson tasks which teachers may choose from or adapt for the pre-lesson section within the Learning Outline in the Scheme of Work. These pre-lesson tasks are suitable to begin almost any skills-focused lesson and require minimal materials and preparation. They are simple for pupils to participate in. Teachers can, of course, use their own pre-lesson tasks whenever they think that these would be more suitable for the pupils they teach. Each pre-lesson task takes about 5–10 minutes of class time.

These tasks are the same for Primary Years 4–6. The language and vocabulary focus will be different, however, and some tasks can be modified for more proficient pupils, as noted in the task description.

Note: Those marked with an asterisk\* could be used at both pre- and post-lesson stages.

### **PRE-LESSON TASK 1: ABCs\***

AIM: To review vocabulary

MATERIAL: Board, notebooks and pens

1. Put pupils in small groups or pairs.
2. Orally, give pupils a letter of the alphabet and a topic (e.g. *M*; *A drink*).
3. Pupils work in their groups/pairs to write one (or more) word(s) beginning with that letter related to that topic (e.g. *milk*). Give a very short time limit, e.g. 10 seconds.
4. Repeat a few times.
5. Have pairs/groups share their answers with the class by coming out and writing on the board.

### **PRE-LESSON TASK 2: GUESS THE ANSWER**

AIM: To practise checking own predictions

MATERIALS: Board

1. Write questions on the board for a Listening or Reading text, that pupils will answer during the lesson.
2. Provide two or three possible answers for each question, for example, 'What did Sara do at the weekend?'
  - a. played football
  - b. watched TV
  - c. went shopping (make sure one is the correct answer!)
3. Ask pupils to guess which one they think is the correct answer.
4. Pupils listen to or read the text as part of the lesson and check their predictions.

### **PRE-LESSON TASK 3: SEQUENCE THE INFORMATION**

AIM: To practise putting information in a logical order

MATERIALS: Board

1. Write a list of events in the Listening or Reading text in a random order or use pictures to illustrate them. For example, if the text is a story, list the events in any order (*Mohamed went camping. He saw a mouse in the tent at night. His mother screamed! The mouse ran away.*)

2. Put pupils in pairs to decide on the order.
3. Invite pupils to compare their ideas in groups.
4. Pupils then listen to or read the text as part of the lesson and check their predictions.

#### **PRE-LESSON TASK 4: I'M GOING TO...**

AIM: To set individual lesson goals to develop pupil autonomy

MATERIALS: Notebook

1. Write on the board *In this lesson, I'm going to...*
2. Explain that pupils are going to write their own goals for the lesson. Give some realistic example goals that focus on observable behaviour or learning pupils may need to improve, such as *In this lesson, I'm going to speak in English with my friends* or *In this lesson, I'm going to remember at least two words*.
3. Elicit some more ideas from pupils.
4. Have pupils write one or two lesson goals in their notebooks.
5. Ask pupils to review their goals at the end of the lesson. This can be the post-lesson activity.

#### **PRE-LESSON TASK 5: SIT DOWN, STAND UP\***

AIM: To review topic vocabulary

MATERIALS: True and false sentences about the topic

1. Prepare some simple true/false sentences about the topic to check pupils' knowledge or to prepare them for the content of the lesson.
2. Read a sentence out, for example, if the topic is space, *We can't see the moon from the Earth*, *The sun is the biggest planet in our solar system*, etc.
3. If it is true, pupils stay sitting at their desks. If it is false, pupils stand up. Invite pupils to correct any false sentences. You could change the action to suit the topic of the lesson or to review other vocabulary, especially verbs.
4. If there is time, pairs of pupils can create their own true/false sentences to use with other pairs or with the whole class.

### **PRE-LESSON TASK 6: FINGER WRITING\***

AIM: To practise spelling of topic vocabulary

MATERIALS: Board

1. Choose some words that pupils will need for the lesson. These should be words pupils already know, so are reviewing.
2. Divide pupils into pairs.
3. Tell one pupil in the pair to look at the board, and the other pupil to cover their eyes or put their head down on the desk so that they can't see the board.
4. Write a topic word on the board, ask pupils to read and remember it, and then rub the word off the board. You could use a picture if pupils may benefit from using a visual aid.
5. Tell pupils who did not see the board to stand with their back to their partner while the partner writes the word on their back by using their finger.
6. Each pupil works out what word their partner is writing.
7. Reverse the roles so that each pupil gets the chance to write.
8. Repeat for other topic words and/or extend to phrase or sentence level, depending on the topic.

Note: When pupils know this activity, they can choose their own words.

### **PRE-LESSON TASK 7: BEAT THE TEACHER\***

AIM: To create interest in the lesson and to review and practise spelling of topic vocabulary

MATERIALS: Board

1. Choose a key topic word from the lesson.
2. Write lines to correspond to each letter on the board with a space in between as in the example below \_ \_ \_ \_ \_ (*planet*).
3. Draw a circle/oval on the board. It is a head without the parts (eyes, nose, ears, mouth, hair).
4. Explain that the aim of the game is to guess the word before the face is completed.
5. Tell pupils to put up their hands if they want to guess a letter.
6. If they guess correctly, write the letter into the correct letter space. If they guess incorrectly, draw one part of the head (e.g. the mouth or the hair). Write the incorrect letter on the side of the board to remind pupils it has already been used.
7. If pupils guess the word before the face is completed, they have beaten the teacher. If not, the

teacher has won!

Note: You can change the picture you build for this, perhaps using a topic-related picture, as long as it has a good number of parts (e.g. 6 or 7).

### **PRE-LESSON TASK 8: PREDICT THE CONTENT**

AIM: To help and prepare pupils for a Listening or Reading text

MATERIALS: Board and pictures

1. Ask pupils to look at a picture or pictures which accompany a Listening or Reading text they will have in the lesson, or tell them the title of the story, song, etc.
2. Ask pupils to work in small groups to predict words they might hear/read. Give groups a fixed time, e.g. 2 minutes.
3. Review their answers and provide correct spelling by writing the words on the board.
4. As pupils read or listen to the text in the lesson, they can check if any of their predictions are correct.

### **PRE-LESSON TASK 9: MEMORY CHAIN\***

AIM: To review topic vocabulary

MATERIALS: None

1. Ask pupils to stand or sit in circles.
2. Join one of the circles yourself to demonstrate the activity while others watch. Give the beginning of the memory chain sentence, for example: *Yesterday, I went to the supermarket and I bought an apple.*
3. Ask the pupil to your right to repeat the sentence and add another item: *Yesterday, I went to the supermarket and I bought an apple and a banana.*
4. The next pupil adds a third item: *Yesterday I went to the supermarket and I bought an apple, a banana and a cake.*
5. Continue in the chain. Either so that each pupil adds one item or until the chain is broken.
6. Repeat so that different pupils can experience more and less memory challenge.

Note:

You could make the chain alphabetical, which makes it more challenging to find a word, but easier to remember the previous words.

Limit the size of the groups to limit the number of words pupils need to remember.

Focus on vocabulary as well as pronunciation (intonation in lists), use and position of 'and', and use of articles.

Vary the sentence stem according to the topic of the lesson.

7. Give feedback on the chains of each group by inviting pupils to tell the class their chain(s).

#### **PRE-LESSON TASK 10: SAY WHAT'S MISSING\***

AIM: To review topic vocabulary

MATERIALS: Flashcards or real/plastic objects, a table and a cloth, or sheet

1. Choose about 7 or 8 topic words that pupils will need for the lesson.
2. Put flashcards or real objects of these vocabulary items on a table.
3. Ask pupils to work in pairs or small groups and to say the words.
4. Check briefly with the whole class.
5. Place a cloth over all the items on the table.
6. Take one or two vocabulary items away.
7. Remove the cloth, keeping the removed items in it.
8. Pupils say which items are missing.

Note: You can use pictures on the board with sticky tape or magnets, an overhead projector or an interactive whiteboard for this activity. Real objects (realia) are stimulating when available, though.

#### **PRE-LESSON TASK 11: WORDS THAT SOUND THE SAME (PHONICS)**

AIM: To practise distinguishing different sounds

MATERIALS: Board (or flashcards)

1. Choose some words that contain the sound(s) you are/have been working on and some other topic words you would like to review.
2. Write the words in chains of three or four on the board, containing one example of the phoneme you are focusing on, e.g. for /r/ *cat : dog : fish : rat*
3. Ask pupils to guess which word has the sound.
4. Say the words (you can say just the word or you could say it in a short sentence) to let pupils check their answers.
5. Ask pupils to read all the words aloud.

Note: This task can be adapted to have chains of rhyming words or as an odd-one-out (where one is different from the others). Pictures could be used instead of words to check vocabulary production rather than reading recognition.

### **PRE-LESSON TASK 12: WORD SALAD\***

AIM: To review vocabulary or language

MATERIALS: Word cards

1. Prepare word cards for each group or pair of pupils so that each set of word cards makes a sentence. You could have the same or different sentences for each group or pair. Prepare an extra set to use as an example. Vary the sentences according to the vocabulary and language to review as well as topic. You could also vary the level of complexity of the sentences.
2. Using the example set, put the word cards on the board, jumbled up.
3. Elicit from pupils how to change them to make a sentence.
4. Put pupils in pairs or groups of three or four. Give each pair/group one or more sets of cards.
5. Pupils work together to make a sentence from the word cards.
6. Invite pupils to tell the class their sentences or they could write them on the board for peer checking.

## Suggested post-lesson tasks

Below are 12 tasks which teachers may choose from or adapt for the post-lesson section within the Scheme of Work. These post-lesson tasks are suitable for ending almost any skills-focused lesson. They are simple for pupils to participate in. Each post-lesson task takes about 5–10 minutes of class time. Teachers can, of course, use their own post-lesson tasks to undertake formative assessment of learning whenever they think that these would be more suitable for the pupils they teach.

Please note that these tasks are the same for Primary Years 4–6. The language and vocabulary focus will be different, however, as these depend on the lesson and pupils' needs, and some tasks can be modified for slightly more proficient pupils, as noted in the task description.

Note: Those marked with an asterisk\* could be used at both pre- and post-lesson stages.

### POST-LESSON TASK 1: SPOT THE DIFFERENCES

AIM: To provide practice in listening for detail

MATERIALS: Text

1. Before the lesson, identify 3 or 4 factual changes you could make to a Listening or Reading text that pupils will work on in the lesson (e.g. *Mike's favourite season is winter* instead of *Mike's favourite season is summer*).
2. During the lesson, after pupils have worked on a Listening or Reading text and understood it, tell them they are going to listen to the text again but this time there are some differences.
3. Ask pupils to listen and put their hands up each time they hear something different from the original text, and to be ready to correct the difference.
4. Read out your text with changes.
5. Pupils listen and correct the differences to make it the same as the original.

### POST-LESSON TASK 2: MAKE CONNECTIONS

AIM: To review topic vocabulary and grammar

MATERIALS: Flashcards, pens and board

1. Before the lesson, choose or prepare between 3 and 6 flashcards that represent the content of a text that pupils will work on in the lesson.
2. During the lesson and after pupils have worked on the text, place the flashcards on the board and elicit ideas from pupils about items in the pictures.

3. Ask pupils how the pictures link to the text (e.g. if a flashcard shows some animals, the link may be *The story is about a farm*).
- To extend, if time allows:
4. Put pupils into pairs and give them a short time (1 or 2 minutes) to tell each other everything they can remember from the text, using the flashcards to help them.
  5. Ask pupils to tell you the connections they have made between the pictures and the text.
  6. If you want pupils to practise Writing as well as Speaking, pupils could come up to the board and write information under the corresponding flashcard or work with a partner to write sentences about each picture.

### **POST-LESSON TASK 3: TEST MY FRIENDS**

AIM: To review topic vocabulary or language

MATERIALS: Notebooks

1. Put pupils in pairs. Ask 3 or 4 quiz questions about vocabulary, language or content of the lesson. Pupils write the answers in their notebooks.
2. Ask pairs to write a set or minimum number of questions to quiz their classmates.
3. Put pairs in groups so that there are 3 pairs (6 pupils) in each group. Have pupils ask and answer each other's questions in groups.
4. Give feedback as a class by asking groups to tell the class the most challenging questions.

### **POST-LESSON TASK 4: CORRECT THE MISTAKE**

AIM: To review topic language, and to review spelling and punctuation

MATERIALS: Board, words or sentences with errors from pupils' written work, notebooks

1. During the lesson, identify 4 or 5 words or sentences with mistakes that pupils made in a Writing or a Speaking task. These should be common mistakes made by more than one pupil which are related to the learning focus of the lesson (or previous lessons) and/or be correctable by pupils.
2. Write the sentences on the board (with the mistake).
3. Ask pupils to form groups or pairs to identify the errors and to correct them.
4. Elicit answers with the whole class.
5. Ask pupils – a different pupil for each mistake – to come up to the board to write the corrected versions.

### **POST-LESSON TASK 5: WHISPER AND WRITE\***

AIM: To review topic language and spelling

MATERIAL: Board

1. Draw 4 columns on the board.
2. Divide the class into 4 teams. Ask each team to stand in a line facing the board.
3. Give each pupil at the front of the line some chalk or a board pen.
4. Go to the back of the line and ask the 4 pupils at the back of each line to come to you. Whisper a topic word, phrase or short sentence (e.g. *Nahla loves camping*) or instruction (e.g. *Draw a huge fish and a tiny elephant*).
5. The pupils go back to their lines and whisper the topic language to the next pupil in the line. This continues until it reaches the pupil at the front of the line, who writes down the language, or follows the instruction.
6. Each team gets 1 point for a correct answer. The team who finishes first gets an extra point if their answer is correct. Depending on the focus of your lesson, you can insist on accurate spelling, or allow some mistakes. Alternatively, you can avoid giving points for these kinds of games but offer praise yourself and from the other pupils when teams do well.
7. Continue with new language or instructions. Change the order in the line each time (e.g. pupil at the front goes to the back, so that there is a new pupil at the front).

### **POST-LESSON TASK 6: MAKE A WORD LADDER\***

AIM: To review topic vocabulary, to practise spelling

MATERIALS: Board

1. Divide the class into 4 or 5 teams, depending on your class size. There should be about 4 or 5 pupils in each team.
2. Ask each team to stand in a line facing the board. Give each pupil at the front of the line some chalk or a board pen.
3. Write the lesson topic on the board (e.g. *School*) and draw a ladder of at least 4 spaces for each team (at least one for each pupil in a team).
4. The pupil at the front of each line writes a word connected to the topic at the bottom of the ladder. They then pass on the chalk or pen to the second pupil, who writes a word in the next space on the ladder. Pupils can help each other with spellings if needed.

5. You can either continue until each pupil has had a turn to write a word or you can continue for a fixed time, e.g. 3 minutes, if you have more time available.

Each team gets 1 point for a word which is related to the topic and correctly spelled. If a team has a word which no other team has, they get an extra point. Alternatively, you can avoid giving points for these kinds of games but offer praise yourself and from the other pupils when teams do well.

### **POST-LESSON TASK 7: READ YOUR FRIEND'S MIND**

AIM: To review topic vocabulary, to practise Listening, Speaking and Reading

MATERIALS: Board

1. Write target language on the board (e.g. *food, like/love/don't like*): about 5–7 target items is a good number. Write a number in front of each target language item.
2. Quickly review the target language with pupils.
3. Ask a pupil to come to the front and whisper to you or write down on a piece of paper the number of the target language item she is thinking of.
4. Give the pupil about 5 seconds to pretend to 'transmit' the word or message in their mind to their classmates, who pretend to be mind readers.
5. The other pupils write down the number they think the pupil at the front has chosen. If your class is large, pupils can work in pairs to agree a number together and write it down.
6. Quickly check around the class, asking each pupil to say the phrase they guessed.
7. The pupil at the front keeps a score by ticking or making a mark on the board against the number of each target language item suggested.
8. Calculate the pupil's score. For example, if they were thinking of the phrase *I like pizza*, and 4 pupils guessed this correctly, the pupil scores 4 points.
9. Repeat this with a new pupil coming to the front, to see if they can beat the score of the previous pupil.

### POST-LESSON TASK 8: TEST YOUR MEMORY

AIM: To review topic vocabulary and grammar (e.g. *some/any*)

MATERIALS: Picture in the textbook with some details in it, or a picture you have chosen from another source

1. Make sure that each pupil can see the textbook picture or your chosen picture.
2. Give them 1 minute to look at the picture and remember what's in it.
3. Ask them to close their books. Hide the picture if you are not using the textbook.
4. Make true/false statements (e.g. *There are some purple flowers in the picture*).
5. Pupils tell you if your statements are true or false, and correct any false statements.
6. Divide the class into groups and ask pupils to continue the game in their groups: give them more time to look at the picture if they need to do this in order to make their statements.

### POST-LESSON TASK 9: WHAT ABOUT ME?

AIM: To review and personalise topic content or vocabulary, and encourage pupils to make links between English learning and their own lives

MATERIALS: Board and/or pictures, notebooks

1. Choose some key words, phrases, expressions or language from the lesson. Write the words on the board and ask pupils to read them.
2. Look at the board and act as if you are thinking carefully. Say: *What about me?* Choose and circle one of the pictures/words. This should be something you can connect to your personal life (e.g. *a cat* – you like cats or you have a cat).
3. Pupils ask you yes/no questions to find out why you circled *cat*, e.g. *Do you have a cat?*
4. Ask pupils to do the activity in pairs by telling the word to their partner, who should try to guess what the connection is using yes/no questions.

### POST-LESSON TASK 10: WHAT ABOUT YOU?

AIM: To reflect on and share learning

MATERIALS: Notebooks

1. Act as if you are thinking and say: *What can you remember?* Give a key word from the lesson. Write it on the board.
2. Invite some pupils to tell you by asking: *What about you? What can you remember?* Write their answers on the board. Note that it may be vocabulary, language or content.
3. Ask pupils to work in pairs to share what they remember from the lesson. They should note their answers in their notebooks.
4. Review some of the pupils' learning by asking volunteers or nominating pupils to tell the class what they have written.

### POST-LESSON TASK 11: PEER MEDALS AND FUTURE MISSIONS

AIM: To reflect on learning and offer peer feedback

MATERIALS: Notebooks

1. Using the Missions and Medals model, ask pupils to give feedback on their partner's participation in the lesson (or recent lessons). Guide the focus of the feedback, for example on use of the target language, participation in group work, pronunciation, accuracy etc.
2. Pupils prepare by making notes in their notebooks. First, they give the 'medals' (for example three things their partner did well), then set one 'mission' (what the partner could improve on in future lessons).  
If you do this activity regularly, pupils will become better at giving useful, constructive feedback to their partners. Encourage pupils to develop these skills by gradually increasing the task, for example by asking pupils to suggest *how* their partner can improve, or by saying how they could help their partner.
3. Pairs give their feedback orally to one another.  
Be sure to monitor carefully, especially when this activity is new to pupils.
4. If time allows, collect some of the 'medals' from pairs by inviting pupils to share their positive feedback with the class.

## **POST-LESSON TASK 12: LEARNING JOURNAL**

**AIM:** To reflect on learning and to develop critical thinking and independent learning skills

**MATERIALS:** Notebooks (or separate learning journal)

1. At the beginning of the year, introduce the idea of a learning journal, where pupils reflect on what they have learnt during a lesson or series of lessons. For example, they can talk about:
  - Something they did well (e.g. a language skill)
  - Something they are proud of
  - A goal they reached
  - New words they learned
  - New language they learned
  - How they worked co-operatively with other pupils
  - Something they would like to do better in future
  - A goal for an upcoming lesson(s)
2. Allow time for explanation when you first ask pupils to keep learning diaries. You may want to prepare a model and/or use pupils' L1.
3. Pupils will probably not reflect in detail or deeply at first, but their reflection skills will develop if you ask them questions and guide their diary-keeping.
4. Remember to collect in their diaries and make positive comments on the content. Avoid marking diaries for language accuracy or grading them in any way.  
If you ask pupils to keep a learning diary regularly, they will soon be able to do them more quickly and will become skilled at it.

## 4. Differentiation strategies for Primary pupils

The Scheme of Work suggests at least one differentiation strategy for each lesson. These suggestions are related directly to the focus of that lesson and are often similar to the strategies below. However, every class is different, and teachers are encouraged to reflect on the learning needs of their individual pupils in each class in order to select and adapt the strategies they use in a lesson. They may choose to follow the suggestions in the Scheme of Work, and/or follow one or more strategies from the list below.

### **Strategy 1: Differentiate by the task pupils are given**

If teachers are using the same task for the whole class, using open-ended tasks such as brainstorming allows a large number of correct responses. Open-ended tasks (e.g. *Tell me the food words you know* or *What will happen next?*) allow more proficient pupils to contribute more unusual words, more complex language, or more original ideas. Sometimes, the teacher can also give different tasks to more proficient and less proficient groups of pupils according to their needs and interests: see Strategy 5 for more on this.

### **Strategy 2: Differentiate by the type and amount of support provided**

The teacher can support pupils to understand and use language with:

- their own instruction (e.g. *It's an animal we have in Malaysia. It begins with the letter M. It lives in the trees in the jungle.*)
- with gestures
- with visuals (e.g. flashcards on the board to help pupils understand or use vocabulary)
- with written words (e.g. written words on a worksheet or the board to help pupils with spelling).

Different types and amount of support can be given to less proficient pupils, depending on their needs, and extra challenge can be provided for more proficient pupils. For example, you can give more proficient pupils more verbal instructions without using gestures.

### **Strategy 3: Differentiate by the outcome expected from pupils**

The teacher may expect more language from some pupils, and less from others. The main aim is that every pupil says or writes something, so that they feel successful. Two useful strategies here are:

### **A. Compulsory plus optional**

Here, the teacher sets pupils targets such as *With your partner, write 2 sentences or more*, or *In your group, write 5 words or more*. The minimum target (2 sentences, 5 words) is compulsory, and everyone needs to achieve this to be successful. But the 'or more' is optional, and gives a chance for more proficient language pupils to challenge themselves. Some pupils will stop at the minimum target at first, but with more practice, they will soon get the idea of going beyond the minimum target.

### **B. Remember and share**

If pupils are asked to remember and share, they have to tell the teacher words or ideas they learned in a previous lesson or task (e.g. *Look at the objects on my table. In one minute, I'll cover them... Now, share with your group what you remember. Make a list together and then tell me*). Sometimes, less proficient pupils have good memories, so as well as different outcomes, this task also allows different pupils to make successful contributions to a group task.

### **Strategy 4: Differentiate by the time pupils are given to complete a task**

Some pupils need longer than others to complete tasks, especially when writing is involved. When it is appropriate, these pupils should be given a little more time to finish, and extra tasks for pupils who complete the task early should be provided (e.g. *Note another example from your imagination; Try to name all the things in this picture in the textbook; Talk with your friend in English: you choose what to talk about*). Rewarding fast finishers with something 'fun' to do (such as playing with toys or drawing a picture) should be avoided, as this will encourage pupils to work quickly, rather than to work carefully at their own speed. Extra tasks should extend and enrich learning.

### **Strategy 5: Differentiate by supporting individual learning preferences and needs**

When appropriate, teachers can support preferences by letting pupils make choices about what they do and how they do it. Sometimes, for example, pupils decide for themselves which tasks they want to do (e.g. the gestures they create for an action song, or a revision game), depending on the ways they prefer to learn (for example visually, through speaking or listening, or through movement).

Different pairings and groupings will allow pupils to work in different ways – teachers can sometimes pair up pupils who can help and support each other (e.g. one who can write well and one who still has difficulty writing) or who enjoy working together. Sometimes teachers might want to mix girls and boys, or have single-sex pairs/groups. In some tasks, pupils can be assigned different roles to do, for example a group manager, writer or artist. Teachers should make sure to vary pairings and groupings over time.

Teachers can support needs by setting individual tasks and targets for pupils based on teacher assessment. For example, if a number of pupils are not able to read fluently yet, a teacher might decide on a reading target for each pupil and provide them with different tasks from those pupils who can already read English very well. If a few pupils are very proficient or fast readers, they could be given extra tasks.

**Strategy 6: Differentiate by the types of question asked**

Closed questions are questions in which the choice of possible answers is limited. They often involve very short responses. Open questions usually have more possible answers, and longer responses. Asking closed questions to less proficient pupils (e.g. *Which boy is James? Is he eating noodles or rice?*) gives them a chance to produce accurate answers, as they are usually easier to answer than open questions. Asking open questions to more proficient pupils (e.g. *What can Mandy do now?* or *How do you think Maya feels at the end of the story?*) provides extra challenge. As less proficient pupils grow in confidence and competence, teachers can ask them more open questions. Sometimes there are also good reasons for asking more proficient pupils easier questions, as this involves them in the lesson and helps the pace of the lesson.

**Strategy 7: Differentiate by the feedback given**

Feedback given to pupils should be varied according to their ability to act on the feedback. For example, if a pupil who is less proficient at Writing has tried hard and produces work with a number of misspellings or grammatical mistakes, feedback can be given on what they did well, and only 2 or 3 common misspellings or mistakes highlighted. The pupil should respond to this feedback because the suggested improvement is achievable for them. If a stronger pupil writes well and makes 2 mistakes, the teacher can tell them the lines in which the mistakes are, and perhaps the kind of mistakes they are, and ask them to find and correct them. The pupil should be able to respond to the extra challenge built in to this feedback. The same principle applies to giving feedback on pupils' spoken language.

## 5. Glossary of terms in Year 6

Each lesson in the Scheme of Work includes a Learning Outline with guidance for delivering a lesson. Teachers may find the following explanations of important terms used in Learning Outlines useful.

Term in Year 6 Scheme of Work	Meaning
<i>brainstorm (vb)</i>	This is when pupils work with one or more other pupils to put all their ideas together. They should be able to give all their ideas without worrying about accuracy. It may be listing, categorising etc.
<i>consolidation (n)</i>	This is a lesson or lesson stage when language and/or skills are reviewed, and built upon. It aims to remind learners of new vocabulary, grammar and functional language presented in previous lessons, and it can also be used to extend an area of study and challenge stronger pupils.
<i>coordinating conjunction (n)</i>	These are words which connect sentences or parts of sentences together, such as <i>but</i> , <i>so</i> . They are also known as <i>cohesive devices</i> .
<i>differentiation (n)</i>	Differentiation is the variety of teaching techniques and lesson adaptations that teachers use to teach a class with diverse learning needs.
<i>discourse skills (n)</i>	Discourse is any speech or writing that is longer than a sentence, e.g. a conversation. At this level, pupils are beginning to use more language, so teachers will support pupils in developing these skills in Year 6.
<i>drill (vb)</i>	Drilling is where the pupils hear a word, phrase or sentence and repeat it. Often the teacher says the words and pupils repeat it a few times, but the word may be recorded and pupils may repeat more/fewer times, individually/in pairs/in groups. This gives practice in pronunciation and helps pupils remember. It can be done in different fun ways.
<i>elicit (vb)</i>	This technique is where the teacher gets the information, answer, and language from pupils, rather than telling them. It will help the teacher see what pupils know and makes pupils more active in their learning and language use.
<i>fast finishers (n)</i>	Pupils who are able to work at a faster pace on a specific task than the majority of pupils in a class. They are therefore ready to move on to the next task sooner than the majority of pupils because they finish earlier than the others.
<i>feedback (n) / feedback (vb)</i>	This is the response given to something a pupil does. It can be in writing or it can be spoken, and it can be given by the teacher or peers. Feedback should always be motivating, formative and constructive (i.e. it should show the pupils what they did well and how they can improve in a child-friendly way).
<i>gapped text (adj)</i>	This is a text which has missing words or phrases. Pupils should read and decide which words or phrases complete the text. This is also known as a 'fill in the blanks' activity.
<i>gist (n)</i>	Listening or reading for global/general understanding.

<i>Letter/word jumble (n)</i>	This kind of activity is where pupils have words from a sentence in a mixed-up order, and should re-order them to form a correct sentence, focussing on sentence structure and form. This can also be done with letters to make a word, and will support spelling skills.
<i>mingling activity (n)</i>	When pupils mingle, they move around the classroom and talk to several different pupils. They may choose who they speak to, or they may have to speak to a certain number of pupils to complete a task, e.g. <i>Find six pupils in the class who have a pet cat.</i>
<i>monitor (v)</i>	Teachers monitor when they walk around the classroom to see and watch pupils. This is to check that they know what to do, that they are doing what they should be doing, to answer any questions and, importantly, to check their work and give individual support and feedback.
<i>peer-assessment (n)</i>	This is when pupils give feedback to other pupils on specific aspects of their learning, such as a specific aspect of the quality of their speaking. The feedback can take the form of two things that were good (stars) and one area for improvement (wish).
<i>phoneme (n)</i>	Phonemes are the sounds that make up words in spoken language.
<i>post-lesson (adj)</i>	Activity at the end of a lesson to review and consolidate the learning.
<i>pre-lesson (adj)</i>	Activity at the beginning of a lesson to activate pupils' prior knowledge.
<i>pre-teach (vb)</i>	Sometimes teachers need to teach pupils key language before they listen or read a text or do a speaking or writing activity. This will help them understand the text and/or achieve the activity objectives.
<i>prior knowledge (n)</i>	Knowledge and skills which pupils already have, possibly acquired from previous lessons or previous years.
<i>realia (n)</i>	These are the 'real thing', used in the classroom as props to help pupils learn and remember language. For example, the teacher shows an apple to teach the word 'apple', rather than using a picture.
<i>self-assessment (n)</i>	This is when pupils are asked to assess themselves on specific aspects of their learning. For example, learning diaries kept by pupils can reveal areas that need clarification or specific skills that need further development.
<i>sentence starter (n)</i>	This is a type of support strategy to help learners communicate their ideas, opinions or thoughts. For example, when describing an image: We think the picture on the left looks _____. The bar chart shows us there are _____.
<i>target language (n)</i>	This is the language teachers want pupils to use and learn in the lesson.
<i>TPR activity (n)</i>	TPR = Total Physical Response. This is a way of teaching which combines movement and language to help pupils learn more deeply. It also lets teachers check understanding. Pupils listen and mime only, or they can mime and repeat at the same time.

Each lesson in the Scheme of Work contains specific Content and Learning Standards. Teachers may find the following explanations of some of the terms useful.

Page in Curriculum Framework	Term in Year 6 Curriculum Framework	Meaning
<b>Listening</b>		
2	<p>Listening 1.1.1</p> <p>Recognise and reproduce <b>independently</b> a wide range of target language phonemes</p> <p>See also 4.3.2</p>	<p><b>independently</b></p> <p>By the end of Year 6, pupils will be expected to be independent users of English in several areas. This means that they can understand and/or use language without the support of the teacher, so do not generally need models and other support.</p>
2	<p>Listening 1.1.1</p> <p>Recognise and reproduce independently <b>a wide range of target language phonemes</b></p>	<p><b>a wide range of target language phonemes</b></p> <p>Phonemes are the sounds that make up words in spoken language. By the end of Year 6, pupils should be able to hear and say most of the phonemes, including most of the less common ones, such as /ɔɪ/ or /aʊ/, without support.</p>
3	<p>Listening 1.2</p> <p>Understand meaning in <b>a variety of familiar contexts</b></p>	<p><b>a variety of familiar contexts</b></p> <p>Familiar contexts are ones which pupils know and are relevant to pupils' lives inside and outside of school. Examples include contexts linked to topics covered in the Year 6 textbook, such as outdoor activities and travel.</p> <p>Pupils in rural or remote areas and pupils who live in cities may be familiar with different contexts. Please consider your local context to decide what is familiar to your pupils.</p>

3	<p>Listening 1.2.1</p> <p>Understand with little or no support the main idea of <b>longer simple texts</b> on a range of familiar topics</p> <p>See also Listening 1.2.2</p>	<p><b>longer simple texts</b></p> <p>Longer simple texts are those with more than four or five utterances or sentences. They usually contain more than one paragraph. They should be easy for pupils to understand.</p>
4	<p>Listening 1.2.2</p> <p>Understand with little or no support <b>specific information</b> and details of longer simple texts on a range of familiar topics</p> <p>See also Reading 3.2.2</p>	<p><b>specific information</b></p> <p>Specific information is in the details of a text. Pupils may listen to a text and try to identify a number, name or another piece of particular detailed information. They may not be focussed on the overall general meaning of a text, however.</p>
5	<p>Listening 1.2.3</p> <p>Understand with little or no support <b>longer simple narratives</b> on a range of familiar topics</p>	<p><b>longer simple narratives</b></p> <p>Longer narratives are stories or sequences of events which are usually more than 15 lines long, and may be considerably longer in some forms, such as a book or comic. Simple narratives contain language which pupils can understand, and which is familiar. In Year 6, narratives should be on a range of different topics which are familiar to pupils.</p> <p>Please use your own judgment when selecting such narratives, based on the level, context and interest of the pupils you teach.</p>
6	<p>Listening 1.2.4</p> <p>Understand <b>longer sequences of supported classroom instructions</b></p>	<p><b>longer sequences of supported classroom instructions</b></p> <p>Classroom instructions are the instructions teachers use to direct pupils to do activities. In Year 6, these should be longer and slightly more complex, for example using full sentences and combining several instructions into a sequence (e.g. <i>First, I'd like you to listen to the people talking. As you listen, please write down the names of three places the man talks about. You can use your exercise book. Then, we will...</i>) Support classroom instructions using modelling, demonstration, miming and closed questions to check understanding of all pupils.</p>

7	<p>Listening 1.2.5</p> <p>Understand <b>more complex supported questions</b></p>	<p><b>more complex supported questions</b></p> <p>Supporting questions involve using mime and gesture, modelling and routines. This also includes using pictures and objects to visually support meaning. By the end of Year 6, pupils are expected to hear and understand questions which use more complex language (e.g. <i>Can you tell me if the man went to the shop?</i>) or require more complex skills (e.g. <i>Which one do you think is better? Why?</i>)</p>
8	<p>Listening 1.3</p> <p>Use appropriate <b>listening strategies</b> in a variety of contexts</p>	<p><b>listening strategies</b></p> <p>Listening strategies are the techniques we use when we listen, i.e. what we do to help us understand when we listen. For example, predicting what we'll hear, guessing the meaning of words we don't know.</p>
8	<p>Listening 1.3.1</p> <p>Guess the meaning of <b>unfamiliar words</b> from clues provided by <b>other known words</b> and <b>by context</b> on familiar topics</p> <p>See also Reading 3.2.3</p>	<p><b>unfamiliar words</b></p> <p>These are words pupils do not know or understand in English.</p> <p><b>other known words</b></p> <p>These are the words pupils already understand. They may also be able to use them.</p> <p><b>by context</b></p> <p>Context is the information around the word. It can be related to the language or to the information.</p>

Speaking		
9	<p>Speaking 2.1</p> <p>Communicate <b>simple information</b> intelligibly</p>	<p><b>simple information</b></p> <p>Simple information is frequent, everyday information which is simple cognitively. Examples include pupils talking about themselves, giving personal information or saying what they like. The Year 6 textbook provides frequent opportunities for pupils to communicate simple information orally.</p>
9	<p>Speaking 2.1.1</p> <p>Give <b>detailed information</b> about themselves and others</p> <p>See also Writing 4.2.1</p>	<p><b>detailed information</b></p> <p>In Year 6, pupils will talk in more detail about themselves, their background, their opinions, preferences and experiences. This information is still familiar to pupils and related to their own lives or to the lives of other people.</p>
14	<p>Speaking 2.2.1</p> <p>Keep interaction going in <b>short exchanges</b> by checking understanding of what a speaker is saying</p>	<p><b>short exchanges</b></p> <p>An exchange is a dialogue – that is, when there are 2 (or more) people communicating. A short exchange will usually include 2 turns but could include up to 4 or 5 turns if they are short (e.g. a few words or phrases, or a fixed phrase). For example, Pupil's Book p.51, Exercise 3.</p>
15	<p>Speaking 2.2.2</p> <p>Agree <b>a set of basic steps</b> needed to complete <b>extended classroom tasks</b></p>	<p><b>a set of basic steps</b></p> <p>These steps refer to the procedures for carrying out an activity in the classroom. They should be clear, short and easy to understand and will appear in a short sequence.</p> <p><b>extended classroom tasks</b></p> <p>These are tasks which are longer than a short activity, e.g. a group project. Pupils will work with others to discuss the steps they need to take. For example: <i>First, I think we need to choose an animal. Then, shall we look for some pictures together?</i></p>

16	<p>Speaking 2.3.1</p> <p>Narrate <b>short basic stories, events and experiences</b></p>	<p><b>short basic stories, events and experiences</b></p> <p>Where pupils are asked to tell stories themselves, they are narrating the story. They may also be recounting an event which is familiar to them or talking about an experience they have had. If written down, the texts should consist of one or two short paragraphs and be simple in nature; or they may be unscripted. They may be pupil-made or be based on other input.</p>
<b>Reading</b>		
21	<p>Reading 3.2.1</p> <p>Understand the main idea of <b>simple longer texts</b> See also 3.2.2</p>	<p><b>simple longer texts</b></p> <p>Texts in Year 6 are generally around 100 words or more, depending on the text type. Texts should remain simple, on topics familiar to pupils, and the language should be clear, familiar and not complex.</p>
24	<p>Reading 3.2.4</p> <p>Use with some support <b>familiar print and digital resources</b> to check meaning</p>	<p><b>familiar print and digital resources</b></p> <p>These are resources which pupils will use when reading to check their understanding or find out the meaning of unfamiliar words. Print resources may include monolingual dictionaries, glossaries etc., which pupils will have used in previous years. Digital resources may include online dictionaries, apps or CD-ROM-based resources.</p>
25	<p>Reading 3.3.1</p> <p>Read and enjoy <b>A2 fiction/non-fiction print and digital texts</b> of interest</p>	<p><b>A2 fiction/non-fiction print and digital texts</b></p> <p>These are reading texts for young learners of English at CEFR A2 level. Examples include stories, poems, quizzes, reference books, appropriate websites etc.</p>

Writing		
28	<p>Writing 4.2</p> <p>Communicate <b>basic information</b> intelligibly for a <b>range of purposes</b> in print and digital media</p>	<p><b>basic information</b></p> <p>Basic information means the same as simple information (see Speaking 2.1 above), i.e. frequent, everyday information. Examples include pupils talking about themselves, other people and things they know about, or giving personal information. The Year 6 textbook provides frequent opportunities for pupils to communicate basic information in writing.</p> <p><b>a range of purposes</b></p> <p>The range of purposes is described in the learning standards for Years 1-6. These purposes involve finding out about and giving personal details and opinions.</p>
32	<p>Writing 4.2.5</p> <p>Connect sentences into two <b>coherent paragraphs</b> or more using <b>basic coordinating conjunctions</b> and <b>reference pronouns</b></p>	<p><b>coherent paragraphs</b></p> <p>These are paragraphs which are made up of sentences that fit together in meaning and through appropriate use of linking words. By the end of Year 6, pupils should be able to write two or more paragraphs.</p> <p><b>basic coordinating conjunctions</b></p> <p>These are linking words which join words, phrases, sentences or parts of sentences to bring them together. They should continue to be simple in Year 6, such as <i>and</i>, <i>but</i>, <i>so</i>.</p> <p><b>reference pronouns</b></p> <p>A word which represents a noun. In Year 6, these should be simple, such as <i>this/that</i>, <i>his/hers</i> etc.</p> <p>For examples of the above, see Pupil's Book p.28, Exercise 2.</p>

33	<p>Writing 4.3.1</p> <p>Use capital letters, full stops, commas in lists, question marks and speech marks appropriately at <b>discourse level</b></p>	<p><b>discourse level</b></p> <p>The writing should be longer than a single sentence.</p>
34	<p>Writing 4.3.2</p> <p>Spell most <b>high frequency words</b> accurately in independent writing</p>	<p><b>high frequency words</b></p> <p>High frequency words are words which pupils use often in Primary classroom activities, especially in writing, e.g. common verbs: <i>be, come, like</i>; common adjectives: <i>cold, happy, beautiful</i>; common nouns: <i>school, sister, computer</i>, etc.</p>
35	<p>Writing 4.3.3</p> <p>Produce a plan or draft of two paragraphs or more for a familiar topic and modify this appropriately in response to <b>feedback</b></p>	<p><b>feedback</b></p> <p>Feedback (positive and constructive) may come from the teacher or from other pupils (peer feedback). It is also possible for pupils to review drafts of their own writing and revise them based on this. In this case, the feedback would come from self-assessment.</p>

### Welcome Unit

#### SCHEME OF WORK: TEXTBOOK-BASED LESSON (Welcome Unit)

WEEK:	LESSON: 1 (Reading 1)	MAIN SKILL FOCUS: Reading	THEME: World of Self, Family and Friends		
	TOPIC: Welcome	CROSS-CURRICULAR ELEMENT (CCE): Language; Values	LANGUAGE/GRAMMAR FOCUS: Present simple to describe personality (e.g. <i>I'm kind Sara.</i> ) and expectations (e.g. <i>This year I want to...</i> )

<p><b>Main Skill</b> Reading 3.2</p> <p>Understand a variety of linear and non-linear print and digital texts by using appropriate reading strategies</p> <p><b>Complementary Skill</b> Writing 4.2</p> <p>Communicate basic information intelligibly for a range of purposes in print and digital media</p>	<p><b>Main Skill</b> Reading 3.2.1</p> <p>Understand the main idea of simple longer texts</p> <p><b>Complementary Skill</b> Writing 4.2.4</p> <p>Describe personality</p>	<p><u>Pre-lesson</u></p> <p>1. Play vocabulary game to activate knowledge of words learned in previous years. Focus on word sets pupils will use in this lesson (personality adjectives, family, school subjects, free-time activities and holidays). Choose an activity from the pre-lesson task list in Section 3 of this document.</p> <p><u>Lesson delivery</u></p> <p>2. Introduce yourself and describe your personality with an adjective, e.g. <i>Hi! I'm kind Sara.</i> Have pupils brainstorm personality adjectives and introduce themselves in groups. Ask pupils to make name cards (this could be done at home) showing their personality and their name.</p> <p>3. Ask the pre-reading question in the Teacher's Book for Warm-up: The big picture (<i>Where are they?</i>). Then ask pupils to read the short texts in the Pupil's Book, p.4. Ask pupils which of the children they agree with most and what they would like to learn about this year.</p> <p>4. Ask for two or three volunteers to introduce themselves to the class using the texts as a model. Ask all pupils to introduce themselves to their partner, using the texts and the volunteers as a model. Monitor as pupils do this to get an impression of individuals' levels in your class.</p> <p>5. Follow the instructions in the Teacher's Book, p.18, for Activity 1. Pupils listen to the four children talking about themselves. Have them read the audio script as they listen.</p> <p>6. Pupils read the script again. Ask a question to check their overall understanding of the text, for example: <i>Which child are you similar to?</i> Pupils tell their partner.</p> <p>7. Ask pupils to note two things about themselves in their notebooks.</p> <p>8. Using these notes and the personality adjective, ask pupils to write at least two sentences about themselves.</p> <p><u>Post-lesson</u></p> <p>9. Pupils introduce themselves in new groups by reading their self-introduction.</p>		<p><i>Academy Stars Year 6</i></p> <p><u>Pupil's Book:</u></p> <p>Page(s): 4–5</p> <p>Exercise(s): 1</p> <p><u>Teacher's Book:</u></p> <p>Page(s): 18</p> <p>Copy the audio script for each pupil</p>	<p>Differentiate learning according to the needs of your pupils. Please see the seven differentiation strategies in Section 4.</p> <p>In addition, you may want to consider asking some pupils to explain more about their personality, their expectations for the year and what they hope to contribute to the class (CCE: Values).</p>

Briefly review the content of Activity 1 (Pupil's Book, p.5) by asking pupils what they remember about the four children. They can check what they remember by looking at their answers to Activity 1 from the previous lesson.</p> <p>3. Follow the instructions in the Teacher's Book (p.19) for Activity 2. Pupils work individually to write questions. Support your pupils as necessary by writing gapped questions on the board when eliciting these before the pupils write. If pupils find this challenging, review present simple questions at this stage.</p> <p>4. Pupils use their questions to ask a partner about themselves. They should check the accuracy of their questions as they do this. Monitor to assess pupils' ability to write questions.</p> <p>5. Elicit different meanings of the word <i>power</i> , including as a synonym for <i>electricity</i> . Follow the instructions in the Teacher's Book, p.22, for Activity 1. Pupils discuss the questions. 3. Talk to the pupils about prediction skills in reading (see 'Teaching Star', Teacher's Book, p.22) and encourage prediction based on the pictures. 4. Follow the instructions for Activity 2 in the Teacher's Book, p.23. Pupils analyse the text to decide on the text type. 5. Follow the instructions for Activity 3 in the Teacher's Book, p.23. Pupils further analyse the text to identify different features of it. 6. Follow the instructions for Activity 4 in the Teacher's Book, p.23. Pupils search for words in the text and use context clues to guess meaning. 7. Follow the instructions for Activity 1 in the Teacher's Book, p.24. Pupils look for detail in the text to answer questions. 8. Ask pupils to re-read the text to find something interesting and tell their partner. 9. Talk to pupils and lead a discussion about our increasing need for and reliance on electricity and power as we use more and more electronics (CCE: Global sustainability and Science & Technology). <u>Post-lesson</u> 9. Have pupils look at the functional language in the Pupil's Book, p.30 (phrases to check understanding of what a speaker is saying). Ask them to copy the phrases into their notebooks, leaving two lines between each one.</p> <p>2. Have pupils look back on their work during this unit. Hand out the worksheet. As they review their work, have them fill in the table with ideas they have had and information they have found out in the unit so far relating to life in the past, life now and life in the future.</p> <p>3. Divide the class into two halves. Follow the instructions for Activity 2 in the Teacher's Book, p.54. Note that half of the pupils should follow the task as described, and the other half should role play as a museum guide in the year you are in now (e.g. 2021) looking back at the past. As they do the activity, they should try to use the functional language. When they use it, they can tick it in their notebooks. They should aim to use each phrase at least once.</p> <p>4. Introduce the idea of 'presentism', which suggests that people find it difficult to think about the past or future without basing their ideas on the present. You may need to use a little of the pupils' home language to explain this concept. Follow the instructions for Activity 3 in the Teacher's Book, p.55. Pupils discuss what they think will seem strange to people in the future about our lives in the present. Pupils discuss in pairs or small groups. (CCE: Values).</p> <p>5. Follow up with the question from the Cooler activity in the Teacher's Book, p.55. This could be done as a whole class.</p> <p><u>Post-lesson</u></p> <p>6. ### How did I do in Unit 3?

Put ✓ next to Great, OK, or A little.

#### *In English, I know how to...*

...talk about what I've done      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

...talk about adventures and stories      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

...write a blog      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

...use the present perfect      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

- I'm proud of myself because I can \_\_\_\_\_ very well.
- In the next unit, I will \_\_\_\_\_ better/more.

### SCHEME OF WORK: TEXTBOOK-BASED LESSON (Unit 4)

WEEK:	LESSON: 49 (Reading 10)	MAIN SKILL FOCUS: Reading	THEME: World of Self, Family and Friends		
	TOPIC: Cool jobs	CROSS-CURRICULAR ELEMENT (CCE): Language	LANGUAGE/GRAMMAR FOCUS: Present perfect with <i>for</i> (e.g. <i>I've been a pilot for 12 years</i> ) and <i>since</i> (e.g. ... <i>since 2001</i> )

<b>Main Skill</b> Reading 3.2  Understand a variety of linear and non-linear print and digital texts by using appropriate reading strategies	<b>Main Skill</b> Reading 3.2.3  Guess the meaning of unfamiliar words from clues provided by other known words and by context	<u>Pre-lesson</u> 1. Play a dictionary race, where you give pupils words to race to find in the dictionary. Choose words from the texts in Pupil's Book, pp.48-49 but not those in the box on page 48. <u>Lesson delivery</u> 2. Follow the instructions for the Warm-up activity in the Teacher's Book p.80. Pupils brainstorm and think about different jobs. 3. Tell the pupils the text title (Unusual Jobs) and show the pictures from the Pupil's Book pp.48-49. Pupils tell their partner what they think the texts will be about. Ask pupils if they can think of other unusual jobs. 4. Explain to pupils that they will read one of the four texts in the Pupil's Book. Pupils work in pairs. Give each pair a copy of one of the four texts. It is better to use copies than to have them use the book as they will read the other texts too. Ask pupils to read their text and find out which unusual job it talks about – they check their predictions from Step 3. 5. Write the words from the box in the Pupil's Book, p.48 on the board. Ask pupils to look in their text and find one or more of the words. They should try to work out from the context what the words mean. Remind pupils they should think about how they worked out the meaning of the words. 6. Have pupils write a definition for their word(s) in their notebooks in pairs. 7. Hand out the dictionaries and ask pupils to find the word(s) and compare the dictionary definition with their own. They should check their understanding as they do this. If you don't have access to enough dictionaries, pupils can refer to the Pupil's Book, p.137, where the words are listed and defined. 8. Regroup pupils into groups of four to six so that there is at least one pupil with each text in each group. Pupils peer-teach the new words to their group and tell the group how they worked out the meaning of the word(s). 9. Pupils work either in their new group or in their previous pair. Follow instructions for Activity 3 in the Teacher's Book, p.80. Pupils read all four texts to do the matching activity. <u>Post-lesson</u> 10. Play a game to review all the words from this lesson to check that pupils have understood their meanings from the peer teaching. You could choose a post-lesson task from Section 3, or you could refer to the Games Bank in the Teacher's Book pp.14–17.		<i>Academy Stars Year 6</i>  <u>Pupil's Book:</u> Page(s): 48–49  Exercise(s): 2–3  <u>Teacher's Book:</u> Page(s): 80–81  Copies of the pictures from Pupil's Book pp.48–49  Cut up copies of the four texts on Pupil's Book pp.48–49  Dictionaries (optional)	Differentiate learning according to the needs of your pupils. Please see the seven differentiation strategies in Section 4.  In addition, you may want to note that different texts have more/fewer words from the box. Give more proficient pupils a text with more words to work with (Steps 4 and 5).
<b>Complementary Skill</b> Reading 3.2  Understand a variety of linear and non-linear print and digital texts by using appropriate reading strategies	<b>Complementary Skill</b> Reading 3.2.4  Use with some support familiar print and digital resources to check meaning

Write _ _ _ _ _ (place) on board. <i>Answer: TAJ MAHAL</i>  <u>Lesson delivery</u> 2. Play a video <a href="https://youtu.be/44rTTLjZZz4">https://youtu.be/44rTTLjZZz4</a> of a virtual tour of the Taj Mahal. In pairs, pupils discuss and describe the scenes as the video is being played a second time. 3. Ask pupils to close their eyes and imagine themselves visiting Taj Mahal. Ask questions to elicit responses from pupils on what they can see, hear, smell and feel if they are actually there. 4. Distribute the worksheet from the guidebook (Appendix 2, page 41) to each pupil. Pupils complete the worksheet. 5. Ask for volunteers to share their answers in complete sentences (e.g. <i>I see many people. I hear cameras clicking. I feel excited.</i> )  <u>Post-lesson</u> 6. Use Post-lesson Task 6 (Make A Word Ladder): Pupils practise spelling in teams where each pupil takes turns writing a word on the board. Have them write the job name in their notebooks (e.g. lawyer, doctor, cook). Monitor and help pupils with vocabulary as necessary and encourage them to use a dictionary to check the spelling if needed.</p> <p>4. Based on the vocabulary on the board, have pupils write, in a column, three more jobs they'd quite like to do, in order of preference with the jobs they wrote in Step 3 at the top.</p> <p>5. Have pupils work in pairs to talk about the jobs they would like to do, giving reasons for their choice and explaining the kind of personality needed for that job (CCE: Values – thinking about what different jobs require). For example, <i>I really want to be a doctor because I want to help people when they are sick. If I can't be a doctor, then I want/I'd like to be a firefighter. Firefighters help people in danger. Doctors and firefighters need to be brave, I think.</i></p> <p>6. Ask pupils to walk around the classroom to find other pupils who want to do the same job as them. They should stand in pairs or groups. If some pupils can't find a partner or group, have them use a job further down their list or choose a group to go to.</p> <p>7. Pupils work in pairs from their new groups. They write two to three sentences about the job they have chosen. Tell pupils to focus on spelling at this time and remind them to check or ask if they are not sure.</p> <p><u>Post-lesson</u></p> <p>9. Review collocations with <i>make</i> and <i>do</i> using word cards. Pupils look at the word cards and divide them according to whether they go with <i>make</i> or <i>do</i>. See Workbook, p.43 Activity 1 for suggestions of <i>make</i> and <i>do</i> words.</p>	<p><i>Academy Stars Year 6</i></p> <p><u>Pupil's Book:</u></p> <p>Page(s): 53</p> <p>Exercise(s): 5</p> <p><u>Teacher's Book:</u></p> <p>Page(s): 89</p> <p><u>Workbook:</u></p> <p>Page: 43</p>	<p>Differentiate learning according to the needs of your pupils. Introduce pupils to the topic of codes by playing 'Fizz-Bump': Pupils stand in a circle (more than one circle if you have a large class) to play a counting game. In turns, going around the circle, they begin counting from 1. When a number can be divided by 3, pupils say <i>fizz</i> instead of the number; when divisible by 5, say <i>bump</i>. E.g.: (1) <i>one</i> – (2) <i>two</i> – (3) <i>fizz</i> – (4) <i>four</i> – (5) <i>bump</i> – (6) <i>fizz</i> (because <math>2 \times 3 = 6</math>) – (7) <i>seven</i> – (8) <i>eight</i> – (9) <i>fizz</i> (because <math>3 \times 3 = 9</math>) – (10) <i>bump</i> (because <math>2 \times 5 = 10</math>) and so on.</p> <p><u>Lesson delivery</u></p> <p>2. Review the topic of codes by having pupils work with a code (one from the previous lesson) to write sentences. The sentences should be a model of language for this lesson in negative and positive sentences, e.g. <i>I think I will be a waiter when I grow up. / I don't think I will be a footballer when I grow up.</i></p> <p><u>Lesson delivery</u></p> <p>2. Put the flashcards on the board and elicit the job vocabulary. Ask pupils to say what they would like to be when they grow up. Explain that sometimes we can't do a job we'd really like when we are young (e.g. children who want to become professional sports or pop stars). Ask them, <i>Do you think you will be a ...?</i> and elicit sentences similar to those in the warmer. Encourage them to say why/why not, using personality adjectives or other answers.</p> <p>3. Have pupils write two or three sentences about what they think they want to be, what they will and won't be when they grow up (e.g. <i>I want to be a footballer, but I think I will be a sports teacher. I won't be a doctor [because I don't like blood!]</i>). You may want to model this language specifically on the board before pupils begin writing.</p> <p>4. Have pupils talk to their partner about their ideas from Step 3. They should explain their answers.</p> <p>5. Elicit the process for a job application, starting with <i>job advert, application, interview</i> etc. Refer pupils back to the job advert in the Pupil's Book, p.43.</p> <p>6. Tell pupils they will see a job advert and should answer some MCQs (multiple-choice questions). Ask pupils to do the tasks on the worksheet individually first, then they can check with their partner.</p> <p>7. Review the answers and ask pupils how they approached the task, e.g. read the job advert and highlight the key information; read the questions and answers; and eliminate the answers which are clearly wrong.</p> <p>8. Ask pupils to imagine they have applied for this job. They talk to their partner: <i>Will you get the job? Why? Why not?</i></p> <p><u>Post-lesson</u></p> <p>9. Highlight the use of <i>because</i> which links two ideas in a sentence in the examples in Activity 2 to give a reason. Elicit the meaning of <i>so</i> and <i>but</i>. Give pupils one or two examples to demonstrate and contrast the meaning of the words.</p> <p>6. On the first worksheet, have pupils work in pairs to match the sentence halves on the worksheet. Then they add a suitable linking word, e.g. [Susi wanted to play inside] <i>because</i> [it was raining]. / [Grandma invented a cool robot] <i>but</i> [she couldn't invent a flying machine.] / [Suddenly, the sun came out] <i>so</i> [Ruby went outside.]</p> <p>7. If necessary, introduce sentences with (<i>not</i>) <i>as</i> .... <i>as</i>...</p> <p>5. Follow the instructions for Activity 1 in the Teacher's Book, p.102. Use the video or read the sentences yourself. Draw attention to the weak sound in <i>as</i> - /əz/. Explain that this weak sound is the most common sound in English. For example: <i>She <b>has</b> been to the UK.</i> (/hæz/, rather than /hæz/; That dog is fear<b>less</b> (/frɛləs/, rather than /frɛləs/. Note too that comparative <i>-er</i> is usually weak too.</p> <p>Drill the sentences, focussing on this weak sound. It is called a 'schwa' sound. Show the story pages of the Pupil's Book, pp.60-61. Ask pupils to remember the title of the story and who the main characters are (without reading the text).</p> <p>3. Hand out the worksheets. Pupils read the summaries and decide which one is the best summary of the story.</p> <p>4. Pupils check their answer with their partner, then re-read the story quickly to check.</p> <p>5. Follow the instructions for Activity 1 in the Teacher's Book, p.108, using a worksheet rather than having pupils look at their Pupil's Book. This is so that they don't see the picture story in Activity 2 in the book.</p> <p>6. Write <i>time travel</i> on the board and ask pupils what they know about this topic. Ask pupils if they know any stories about time travel. Tell them they will look at stories about time travel.</p> <p>7. Hand out the sets of pictures. Pupils look at the pictures and think about the order in which they may come in a story. There could be many different ways to order the story, and no 'correct' answer. Allow pupils to use their imagination to create a story using the pictures with their partner.</p> <p>8. Put pairs of pupils into groups of four or six. Have pairs tell their story to their group. Remind them to talk about the beginning, middle and end, as in Activity 1. Allow there to be a focus on fluency here, so that they are concentrating on the story rather than on language accuracy. Give feedback to the class on the stories themselves.</p> <p>9. Follow the instructions for Activity 2 in the Teacher's Book, p.108. Pupils look at the story and think about what happens in picture 5.</p> <p>Note that this lesson supports pupils in their skills development for the speaking assessment.</p> <p><u>Post-lesson</u></p> <p>10. Make sure to include the beginning, middle and end. Ask a gist listening question to give pupils a reason to listen.</p> <p><u>Lesson delivery</u></p> <p>2. Ask pupils if they enjoyed listening to the story and give feedback on the gist question.</p> <p>3. Tell pupils they will create their own stories in this lesson. Hand out the cut-up sentences from Pupil's Book, p.67, one sentence per pupil. Note that these should be the first sentence given, not the questions and prompts, i.e. <i>Tania sat up in bed</i>. NOT <i>She was excited because (Why?)</i>. Ask pupils to look at the picture and match their sentence to a picture.</p> <p>4. Have pupils read the questions and prompts for their sentence on Pupil's Book, p.67. In their notebooks, they write their sentence and then extend that stage of the story using the prompts given. They can answer these in any way they wish, even if it doesn't exactly match the story.</p> <p>5. Put pupils in groups of six so that the groups are made up of one pupil for each sentence/picture/stage of the story. Have pupils share their ideas to create a story. Note that the story may turn out oddly because it includes different ideas. Have pupils decide on a more logical progression of the story if necessary, although allow plenty of creativity and imagination – the story doesn't have to be fixed.</p> <p>6. Within the groups, pupils make pairs. In their notebooks, they work together to write the story. Allow plenty of time for this, and have pupils work together to co-write the story. Monitor and check pupils are participating equally.</p> <p><u>Post-lesson</u></p> <p>7. Have volunteers read their stories to the class. Explain that the boy needs use this to stay safe. However, he doesn't have to use it – there are no rules to tell him to use this in skateboarding. Elicit more examples of <i>need to</i> and <i>have to</i> related to sports and activities. Write one or two examples of each on the board.</p> <p>3. Put pupils into small groups. Tell them they will make a poster about safety in a sport or activity of their choice. Explain that pupils will need to decide for themselves how to approach and carry out the task. To do this, they should agree on the steps they need to take. First, have pupils assign different roles in the group (e.g. someone to write, to draw, to check vocabulary and spelling, maintain use of English and organise the project). Next pupils should decide a set of steps to complete the task (e.g. first, decide which sport or activity, then begin researching and designing our poster etc.) (CCE: Entrepreneurship).</p> <p>4. Pupils make the posters in groups. Remind pupils that these are posters, not pictures, so they should put a little text on them which talks about the rules and what people need to do to keep safe. They should speak in English in their groups, however, and talk to each other to discuss the things people need or have to do for this sport. This will help prepare them to speak in the final stage of the lesson.</p> <p><u>Post-lesson</u></p> <p>5. Conduct a gallery walk, where pupils walk around and look at each other's posters. ## SCHEME OF WORK: NON-TEXTBOOK-BASED LESSON

WEEK:	LESSON: 76 (Writing 15)	MAIN SKILL FOCUS: Writing	THEME: World of Self, Family and Friends		
	TOPIC: Getting around	CROSS-CURRICULAR ELEMENT (CCE): Language; Science & Technology; Values	LANGUAGE/GRAMMAR FOCUS: Review of tenses, modal verbs for rules and obligations, cohesive devices		
CONTENT STANDARD	LEARNING STANDARD	LEARNING OUTLINE		MATERIALS / REFERENCES	DIFFERENTIATION STRATEGIES
<b>Main Skill</b> Writing 4.3  Communicate with appropriate language form and style for a range of purposes in print and digital media	<b>Main Skill</b> Writing 4.3.3  Produce a plan or draft of two paragraphs or more for a familiar topic and modify this appropriately in response to feedback	<u>Pre-lesson</u> 1. Introduce the lesson with a fun, active pre-lesson task from the list in Section 3 which will review key vocabulary and ideas about video games. <u>Lesson delivery</u> 2. Show the picture of the girl and tell pupils her name. Explain that she is ‘their’ email pen friend, and that she loves video games. 3. Handout the model email worksheet, which is an email from the girl to a pupil. In the email, she says that she loves playing and creating video game ideas. She writes about the steps of her favourite game (one she plays or has created) and recommends it. The email uses a range of target language from this lesson. Ask pupils to read the email, but first, set a gist question for them. 4. Draw attention to specific language used in the email, including both the target language and common expressions for opening and closing emails. 5. Explain that they are going to write a reply to the email. Hand out the next worksheet. It should give guidance on the worksheet about what to write in the email (e.g. – greet your penfriend and thank her for her email; – tell her if you like video games or not; – tell her the name of a video game you play; – tell her the main steps of this game; – finish your email), and how much to write (e.g. around 50 words). 6. Give pupils around 25 minutes to write their emails. Encourage them to do this individually, but monitor and help pupils as they work. Draw pupils’ attention to the model provided, as necessary. 7. Show pupils the evaluation criteria on the third worksheet and explain as necessary. Have pupils swap their papers with a partner and use the criteria to peer-evaluate. Make sure pupils provide constructive feedback by reminding them to make suggestions for improvement as well as to make a positive comment. Focus on this as a way to help their classmates learn better in a positive environment (CCE: Values). 8. If time, have pupils re-draft their emails based on the feedback, in another colour. If there is no time, you could ask pupils to do this for homework. Collect their work and use it for formative assessment. <u>Post-lesson</u> 9. Choose a post-lesson task from Section 3 to review and consolidate key learning, or you could refer to the Games Bank in the Teacher’s Book, pp.14–17.		<u>Worksheet:</u>  A model email (see learning outline)  An email writing template (see learning outline)  A picture of a girl (the writer of the model email)  A set of simple writing evaluation criteria focussing on content as well as use of target language and vocabulary.	Differentiate learning according to the needs of your pupils. Please see the seven differentiation strategies in Section 4.  In addition, you may want to consider giving constructive support to less proficient pupils as they write as well as using questions to push more proficient pupils to give extended detail and stretch themselves.
<b>Complementary Skill</b> Writing 4.2  Communicate basic information intelligibly for a range of purposes in print and digital media	<b>Complementary Skill</b> Writing 4.2.5  Connect sentences into two coherent paragraphs or more using basic coordinating conjunctions and reference pronouns

Review the topic of recent lessons, focussing on the previous lesson in particular. You could use an activity from the list of pre-lesson tasks from Section 3. <u>Lesson delivery</u> 2. Show the adverts. Pupils decide what each advert is selling. They talk to their partner and note their answer. 3. Play the recording of the adverts in Pupil's Book, Lesson 5 (Audio 1.28, see Teacher's Book, p.122). Discuss with pupils the kind of language strategies used to try to encourage people to buy the product. This may be using strong words like <i>love</i> or <i>fantastic</i> , or telling people it is <i>free</i> or <i>just</i> .. (CCE: Values; Financial Education) 4. Have pupils look again at the Pupil's Book, p.75, Activity 2 to identify how language is used to sell the products. 5. Show the adverts you brought again. Have pupils identify similar language. If it is in their L1, have them try to translate it into English. 6. Tell pupils they will work in groups to create and perform an advert (CCE: Creativity & Innovation). Assign groups and hand out the worksheet. Pupils put the steps in order so that they can complete the task, e.g. – decide what you will sell in your advert; - decide what language you will use to encourage people to buy it; - write a script; - practise your advert; - perform your advert. (CCE: Values). 7. Read out the steps of the project in order. Pupils listen and check their answers from Step 6. Focus pupils' attention further on the guidelines in the Pupil's Book, p.78, Activities 3 and 4. 8. Pupils prepare their adverts. Monitor to offer support and encouragement. Make sure pupils practise their adverts. <u>Post-lesson</u> 9. Groups perform their adverts to the class. Have the class evaluate them in terms of the kind of language they use and how effective the adverts are in selling the product. Manage this stage so that pupils give constructive comments and plenty of praise. (CCE: Values). Make a note of some of the feedback points, so you can refer to it in Lesson 94.		<i>Academy Stars Year 6</i>  <u>Pupil's Book:</u>  Page(s): 75, 78  Exercise(s): 3–4  <u>Audio 1.28</u> (See Teacher's Book, p.122)  Three or four adverts from magazines and/or TV. ## How did I do in Unit 6?

Put ✓ next to Great, OK, or A little.

### *In English, I know how to...*

...talk about how things are made      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

...use language to help sell something  
(e.g. an advert)      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

...tell the difference between fact and  
opinion      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

...use the passive (e.g. *is made*)      Great \_\_\_\_      OK \_\_\_\_      A little \_\_\_\_

- I'm proud of myself because I can \_\_\_\_\_ very well.
- In the next unit, I will \_\_\_\_\_ better/more.

Have pupils sit comfortably. Play the music extracts. Ask pupils how it makes them feel and whether they liked that music.</p> <p><u>Lesson delivery</u></p> <p>2. Follow the instructions for Activity 1 in the Teacher's Book, p.132. Pupils are introduced to the names of different types of music and talk about music they like.</p> <p>3. Follow the instructions for Activity 2 in the Teacher's Book, p.132. Play the recording as pupils read the text. This will help their reading fluency and encourage them not to stop when they don't understand something.</p> <p>4. Follow the instructions for Activity 3 in the Teacher's Book, p.133. Pupils guess the meaning of new words from context, then check them in the dictionary at the back of the book.</p> <p>5. Ask pupils where the text (Pupil's Book pp.82–83) comes from. Find out whether they read music magazines or read about music online.</p> <p>6. Tell pupils they will hear a song in English and should decide what the topic of the song is. Write three options for this on the board, with one correct, the others incorrect.</p> <p>7. Play the song. Pupils listen and decide what the song is about. They don't need to understand every word of the song.</p> <p><u>Post-lesson</u></p> <p>8. Use the song again in another activity. For example, pupils listen to the song again and stand up every time they hear a name or a particular word. Make notes on the board, for example the names of the singer(s), the type of music, and so on.</p> <p>3. Tell pupils they are going to interview a famous singer. In pairs, pupils should write between three and five questions to ask the singer. Remind pupils to use correct punctuation, in this case question marks in particular.</p> <p>4. Pupils pass their questions to another pair. This pair should assume the role of the singer. They answer the questions in writing, but in note form (not full sentences). Encourage pupils to be creative at this stage in particular – their answers don't need to be 'real'. Avoid asking pupils to score each other; instead, they could say if it was: great / good / ok / needs work. Encourage comments if appropriate. Talk to the pupils about these assessment criteria so that they understand what they mean.</p> <p>Collect the assessment forms to review them as formative assessment evidence.</p> <p><u>Post-lesson</u></p> <p>3. Tell pupils they are going to summarise the story in an email task. The writing task (on the worksheet) asks pupils to send an email to their friend to tell them about this story. They should provide a short summary of the story and their impressions of the characters. They should say whether they enjoyed the story. Set a word limit but allow more proficient pupils to write a little more. You could ask these pupils to write about their favourite story as well.</p> <p>Monitor and help pupils, giving extra support to less proficient pupils. Collect their writing and review it in order to identify areas which need review or further practice in upcoming lessons. Write comments on their work which identify strengths and weaknesses. You will need to return it to them in Lesson 119.</p> <p><u>Post-lesson</u></p> <p>6. Follow the instructions for Activity 3 in the Teacher's Book, p.154. Ask them if they think it is about healthy or unhealthy eating. Ask pupils if they like sugar and sugary foods. Elicit some examples of food with high sugar content that they like and/or eat often. Talk to pupils about the dangers of eating too much sugar (e.g. obesity, diabetes, tooth decay). (CCE: Values), 3. Follow the instructions for Activity 1 in the Teacher's Book, p.170. Pupils answer pre-reading questions. 4 Follow the instructions for Activity 2 in the Teacher's Book, p.170. Pupils read the text to get the main idea. 5. Ask pupils if any information in the text surprised them. They talk to their partner to find at least one thing that surprised them or that they found particularly interesting, then report to the class. 6. Follow the instructions for Activity 3 in the Teacher's Book, p.171. Pupils focus on guessing the meaning of unfamiliar words in the text. 7. Follow the instructions for Memorising in the Teacher's Book, p.171. Pupils make sentences using the new vocabulary. <u>Post-lesson</u> 8. Please see the seven differentiation strategies in Section 4.  In addition, you may want to consider the health of your pupils – some may benefit more than others from an extended discussion of the dangers of eating too much sugary foods. Sometimes this topic may cross over with learning in other subjects, so you could find out from other teachers what pupils' learning needs are.

Review the names of topics which have been covered in this unit (Multi-tasking; School uniforms; Advertising; Healthy eating) with a word game from the pre-lesson tasks in Section 3.</p> <p><u>Lesson delivery</u></p> <p>2. Tell pupils they will have a debate in groups. Explain that in a debate, there is a 'motion' – this is a statement, which gives an opinion on a topic (see A–D below). One side agrees with the motion (For), the other side disagrees (Against). Hand out the worksheet and point out the three motions:</p> <p>A - <i>Multi-tasking is the best way to work.</i> (CCE: Values)</p> <p>B – <i>Children are happier at school when they wear a uniform.</i> (CCE: Values)</p> <p>C – <i>Advertising helps people make the best choices for healthy eating.</i> (CCE: Values)</p> <p>D – <i>Children need sugar to give them energy</i> (CCE: Values)</p> <p>3. Pupils work in groups of four. Each group first decides on a motion to debate. Then, on the worksheet, they discuss the ideas both for and against the motion they have chosen. Each pupil should make notes on the worksheet.</p> <p>4. Assign <i>For</i> and <i>Against</i> roles to pairs of pupils in each group. As with a real debate, their position may not be the same as their own opinion. Have pupils prepare their arguments and practise what they will say.</p> <p>5. Explain that there will be three stages to the debate:</p> <p>Stage 1- the <i>For</i> side gives their opinion while the <i>Against</i> side listens and take notes.</p> <p>Stage 2 – the <i>Against</i> side gives their opinion while the <i>For</i> side listens and takes notes.</p> <p>Stage 3 – there is an open discussion, where pupils use their notes to check understanding of what was said and to expand their opinions according to their <i>For</i> or <i>Against</i> role (e.g. <i>You said ....., didn't you, but we disagree. We believe that...</i>). Pupils will need to use reported speech and expressions for checking understanding of the speakers for this stage of the debate.</p> <p>Remind pupils of the Value (Listening to and respecting each other's opinions: CCE). Monitor carefully as pupils work on this activity to make sure they are co-operating with each other and the debate is running smoothly in each group.</p> <p><u>Post-lesson</u></p> <p>7. Give feedback on the content of the different debates as well as on language used, especially relating to the target language.</p>	<p><u>Worksheet:</u></p> <p>A table with the four blank rows (one for each motion) and two blank columns (one for <i>For</i> and one for <i>Against</i> notes).</p>	<p>Differentiate learning according to the needs of your pupils. ## SCHEME OF WORK: TEXTBOOK-BASED LESSON (Unit 10)

WEEK:	LESSON: 145 (Reading 28)	MAIN SKILL FOCUS: Reading	THEME: World of Stories
	TOPIC: It's a mystery!	CROSS-CURRICULAR ELEMENT (CCE): Language	LANGUAGE/GRAMMAR FOCUS: Question tags (e.g. <i>It's hot, isn't it?</i> )

CONTENT STANDARD	LEARNING STANDARD	LEARNING OUTLINE	MATERIALS / REFERENCES	DIFFERENTIATION STRATEGIES
<b>Main Skill</b> Reading 3.2  Understand a variety of linear and non-linear print and digital texts by using appropriate reading strategies  <b>Complementary Skill</b> Speaking 2.1  Communicate simple information intelligibly	<b>Main Skill</b> Reading 3.2.2  Understand specific information and details of simple longer texts  <b>Complementary Skill</b> Speaking 2.1.5  Ask about and describe personality	<u>Pre-lesson</u> 1. Introduce the topic of mysteries with an activity from the list of pre-lesson tasks in Section 3. You could also find out what famous mysteries (real or fictional) pupils know about, e.g. The Bermuda Triangle, Atlantis, mystery stories or cartoons (e.g. Sherlock Holmes, Scooby Doo). They will probably have ideas from their own culture, too. <u>Lesson delivery</u> 2. Follow the instructions for Activity 1 in the Teacher's Book, p.190. Pupils begin thinking about the topic of detective stories. If your pupils have already shared their favourites (Question 1), then you could have pairs try to remember their partner's favourite book, film etc. When eliciting characteristics of a good detective, have pupils brainstorm the personality traits of famous detectives. 3. Follow the instructions for Activity 2 in the Teacher's Book, p.190. Pupils skim read the text to find the information, then read in detail. 4. Follow the instructions for Activity 3 in the Teacher's Book, p.190. Pupils work out the meaning of the new words from the context. 5. Follow the instructions for Reading in the Teacher's Book, p.191. Pupils read the text again in detail and make a mind map. <u>Post-lesson</u> 6. Follow the instructions for Cooler: Stickman in the Teacher's Book, p.191.	<i>Academy Stars Year 6</i>  <u>Pupil's Book:</u> Page(s): 122–123  Exercise(s): 1–3  <u>Teacher's Book:</u> Page(s): 190–191	Differentiate learning according to the needs of your pupils. Please see the seven differentiation strategies in Section 4.  In addition, you may want to consider giving pupils a time limit at Step 3. This will prevent them from reading the text too slowly. Prepare two or three questions on the text for fast readers to do at this stage.

Write the names of the key characters from text in Pupil's Book, pp.122–123 on the board. Say one of their jobs/occupations (e.g. police officer, university student) and have pupils tell you which character it is (see the Pupil's Book, p.122 for this information).</p> <p>3. Follow the instructions for Activity 1 in the Teacher's Book, p.192. Pupils re-read the text to find out where each character was at 5 o'clock.</p> <p>4. Follow the instructions for Activity 2 in the Teacher's Book, p.192. Pupils write a sentence to describe what each character was doing in the museum.</p> <p>5. Follow the instructions for Activity 3 in the Teacher's Book, p.192. Pupils discuss the questions in pairs before sharing ideas as a class. Make some notes on the board of their ideas.</p> <p>6. In pairs, have pupils write the next part of the story. Encourage pupils to answer the question <i>What will happen to her (Sue Snaps)?</i> in their story. The story should be a narration, rather than a play, and will use past forms. Pupils can use the notes on the board for ideas or they can use their own ideas. Set a word limit.</p> <p>Monitor carefully and help pupils express their ideas and form their own stories.</p> <p><u>Post-lesson</u></p> <p>7. Invite pupils to read their stories to the class. Elicit the noun form for those which do not.</p> <p><u>Lesson delivery</u></p> <p>2. Write <i>at the museum</i> on the board. Elicit some ideas from pupils about the rules in a museum (e.g. <i>you mustn't touch things, you must be sensible</i>).</p> <p>3. Make sure they have their books closed. Explain the context of the listening activity (the class is planning a trip). Play the recording. Pupils listen and see if their ideas for rules are the same as those in the text.</p> <p>4. Pupils listen again and write notes in two columns: Obligation and No obligation, e.g. Obligation: <i>must look smart; can't wear jeans must behave well; must hand in your phone; mustn't use phones</i>; No obligation: <i>wear a uniform</i>. Once finished, have them review with a partner then check their answers with the audio script in Pupil's Book, p.126.</p> <p>5. Follow instructions for Activity 2 in the Teacher's Book, p.196. Pupils read the script and identify the functions of the modal verbs.</p> <p>6. Follow instructions for Activity 3 in the Teacher's Book, p.196. Pupils complete the sentences with a modal verb.</p> <p>7. Ask pupils to identify which sentences in Activity 3 express a rule or obligation. They tell their partner.</p> <p>8. Have pupils talk about the rules for another aspect of their school life (e.g. in the library, at lunchtime).</p> <p>9. Pupils present their ideas to the class or in a large group. They listen to each other and decide if their ideas are correct or incorrect.</p> <p><u>Post-lesson</u></p> <p>10. Follow the instructions for Cooler: True or False?
